

Bishop Potter's Answer.

A young clergyman in a remote country district wrote last Easter time to Bishop Potter, saying that he was about to take a wife, and asking if, to save some other clergyman a long and weary journey, he could not marry himself.

The bishop's reply was marvelously concise. It said: "Could you bury yourself?"

Famous Book Free.

Every reader of this paper can get free of charge one of Dr. Coffee's famous books which tells of a new method by which persons afflicted with Deafness, Head Noises, Sore Eyes, Failing Sight from any cause, can cure themselves at home at small expense.

Write a letter immediately to Dr. W. O. Coffee, 390 Century Bldg., Des Moines, Ia.

The executive board of the Wesleyan brotherhood has referred to its general convention to be held in October, 1907, the resolutions from the Brotherhood of St. Paul requesting the appointment of a committee to confer with a similar committee from the St. Paul Brotherhood concerning the unification of Methodist brotherhoods.

In a Pinch, Use ALLEN'S FOOT-EASE.

A powder. It cures painful, smarting, nervous feet and ingrowing nails. It's the greatest comfort discovery of the age. Makes new shoes easy. A certain cure for sweating feet. Sold by all Druggists, 25c. Accept no substitute. Trial package, FREE. Address A. S. Olmsted, Le Roy, N. Y.

Chivalrous English Candidates.

In a recent municipal election at Chard, England, two male candidates withdrew in order that two women might have an uncontested election.

Take Garfield Tea in the Spring—it will save you many days of headache, lassitude and general ill health. This natural laxative purifies the blood, cleanses the system and establishes a normal action of liver, kidneys and bowels.

No conquest is so severe as his who labors to subdue himself.—T. A. Kempis.

Mrs. Winslow's Soothing Syrup. For children teething, softens the gums, reduces inflammation, allays pain, cures wind colic. 25c a bottle.

Some people are too conscientious preach what they practice.

The Evolution of Household Remedies.

The modern patent medicine business is the natural outgrowth of the old-time household remedies.

In the early history of this country, EVERY FAMILY HAD ITS HOME-MADE MEDICINES. Herb teas, bitters, laxatives and tonics, were to be found in almost every house, compounded by the housewife, sometimes assisted by the apothecary or the family doctor. Such remedies as picra, which was aloe and quassia, dissolved in apple brandy. Sometimes a hop tonic, made of whiskey, hops and bitter barks. A score or more of popular, home-made remedies were thus compounded, the formulae for which were passed along from house to house, sometimes written, sometimes verbally communicated.

The patent medicine business is a natural outgrowth from this wholesome, old-time custom. In the beginning, some enterprising doctor, impressed by the usefulness of one of these home-made remedies, would take it up, improve it in many ways, manufacture it on a large scale, advertise it mainly through almanacs for the home, and thus it would become used over a large area. LATTERLY THE HOUSEHOLD REMEDY BUSINESS TOOK A MORE EXACT AND SCIENTIFIC FORM.

Peruna was originally one of these old-time remedies. It was used by the Mennonites, of Pennsylvania, before it was offered to the public for sale. Dr. Hartman, THE ORIGINAL COMPOUNDER OF PERUNA, is of Mennonite origin. First, he prescribed it for his neighbors and his patients. The sale of it increased, and at last he established a manufactory and furnished it to the general drug trade.

Peruna is useful in a great many climatic ailments, such as coughs, colds, sore throat, bronchitis, and catarrhal diseases generally. THOUSANDS OF FAMILIES HAVE LEARNED THE USE OF PERUNA and its value in the treatment of these ailments. They have learned to trust and believe in Dr. Hartman's judgment, and to rely on his remedy, Peruna.

WRIGHT MAY GO FREE.

Strange Murder Case in Denver No Nearer Solution.

I have not the slightest doubt in my mind that Benjamin C. Wright is entirely innocent of the charges against him. The evidence that has been submitted to me impels me to that conclusion.

I feel it to be my public duty, however, to lay the case before the judge and jury. I cannot take the responsibility of entering a dismissal of the case.

I shall present to the court and jury everything that has been submitted to me, the chemists' reports, the results of the examination of the premises and all other matters. My part will be merely the formal execution of a public duty.—District Attorney George Stidger.

Denver.—Features in the Wright murder mystery:

February 25, 1907, dead bodies of Mrs. Benjamin C. Wright and her 5-year-old daughter Genevieve found in the Wright home, 374 South Pearl street.

Benjamin C. Wright, the husband and father, found in an apparently half-conscious condition, suffering evidently from poison of some kind.

Wright taken to county hospital, where doctors, convinced that the man was shamming illness, sent him to police headquarters.

Sweated by Chief of Police Delaney, Wright confesses that he killed wife and daughter.

February 27, 1907, chemical analysis of bodies of Mrs. Wright and daughter fails to reveal least trace of poison.

Search for clew which would fasten crime on Wright begins anew.

March 2, 1907, Wright repudiates confession which he formerly made.

Wright is examined by physicians to determine the extent of injuries which he is said to have suffered at hands of police.

March 3, 1907, Wright is arraigned in court, pleads not guilty and is remanded to jail for trial.

From that time to this no progress toward solution of this most mysterious of crimes has been made.

All kinds of suggestions as to manner in which victims met their death have been offered.

Wright himself holds the key to the mystery, but his lips are sealed.

FREIGHT RATE KINDEL AGAIN.

Interstate Commerce Commission Asks for Further Evidence.

Denver.—Asked by the Interstate Commerce Commission to forward to that body any further evidence he might have secured relating to the unjust discrimination against Denver in the matter of freight rates, George J. Kindel has sent facts and figures relating to four cases, showing plainly, in his opinion, the discrimination alleged.

He cites the case of William V. Thascher, who established a jobbing house for boots and shoes in Denver and is contemplating moving to Oregon because of the discriminative freights against him in his line. Mr. Kindel finds that the rate on rubber boots and shoes from Boston to Denver, all rail, is \$2.72, while from Boston to Portland, Oregon, all rail, it is but \$1.85. From Denver to Boise, Idaho, the rate is \$2.40, while from Portland to the same point it is but \$1.50, showing that Denver suffers a total handicap on the points in question of \$2.27 per hundred weight.

If these same goods are shipped to Reno via Denver from Boston, the freight is \$5.92; whereas, if shipped from Boston to Portland and back again to Reno, the freight is but \$2.64.

Another case is that of George O. Miller of Denver, who received a shipment of books from Portland, for which the bill of lading gave a \$1.60 rate, but for which his expense bill shows he was forced to pay at the rate of \$3 per hundred weight. This, in the face of the fact that books shipped from Portland to any Missouri river point, would have been paid for at the rate of \$1.50 per hundred weight.

Kindel also cites the cases of J. T. Caughlin, charging exorbitant rates against Denver on motorcycles, and of R. M. Davis, charging excessive overcharge on photographic materials from the Mississippi river to Denver. Kindel states that these four men are ready to sign the complaints which may be drawn to cover the cases in question.

Wyoming Yeomen Want Wives.

Riverton, Wyo.—A wife hunt is being organized by the band of lonely bachelors who have settled on the homesteads which the government recently opened in the Wind River or Shoshone Indian reservation. They call themselves the Riverton Bachelor Club.

They have inserted in state papers an advertisement for wives, and they will later advertise in papers throughout the country unless they should in the meantime obtain helpmates.

Young women who may desire to correspond with any of these young men with a view of matrimony are requested to address the secretary of the club, who will promptly give them any information they may desire regarding the age, personal appearance, habits, financial circumstances, etc., of any of the wife-seekers.

The members of the club are willing to pay the railroad fares and other traveling expenses of any young woman who may come here with the expectation of getting married, and should any young woman change her mind after arriving on the ground and desire to go back single, her expenses will be paid.

Mexican Earthquake Was Predicted.

Washington.—That the great earthquake which took place in Mexico Monday morning and, it is believed, killed many persons, was forecasted by the scientists of the American Geological Survey, is the claim put forth on behalf of the survey. Prof. Charles W. Hayes, chief geologist, is the man to whom is given credit here for the remarkable and accurate prediction of such a disturbance. He fixed the place and expressed in a widely-published interview the opinion that the disturbances would take place.

Dr. Hayes pointed out immediately after the Valparaiso disaster that there is a great "fault" running through the earth's crust along the line of the western backbone of the American continent. He said the California and Chilean earthquakes were caused by the contraction of the crust, causing readjustment along the line of this great "fault."

Between these immense areas of disturbance, he pointed out, was the Mexican and Central American section of the continental backbone, which up to that time had not been seriously affected. But he pointed out that the readjustment which had relieved the pressure along the line of "fault" both to the north and south of this Mexican region would inevitably increase the pressure in the latter region, with the result that there would be, before many months, a great seismic movement there. The earthquake of Monday came exactly where he suggested and in the period which he fixed.

Death Reveals Identity of Man.

Barr, Colo.—After keeping his identity a secret for many years, the secret of Charles Breese, who died a short time ago at Cora, Wyoming, has been revealed by death. Breese was none other than Fred Bell, formerly a well-to-do resident of Colorado.

Bell mysteriously disappeared seven years ago, taking with him \$3,500 in cash. For many months it was supposed he had met with foul play and an active search for his body was kept up.

It seems, however, that Bell went to Wyoming and located at Cora, where he established a blacksmith shop under the name of Charles Breese. He never told his friends in Wyoming anything about his past life and nothing was known of his past until after his death, when it was learned he left a brother in New York named Bell. The brother was communicated with and through him the secret of the dead man came out.

Mrs. Bell and her daughter are now living at Barr and the widow has written to Cora for full details of her husband's death. She will also claim his estate, which, it is said, amounts to considerable. Mrs. Bell declares she does not know why her husband deserted her and her child, as their married life had always been happy. The couple were married at Laramie, Wyoming, in 1885.

Lock Your Stable Doors.

Denver.—There is every indication that the men who stole a team from the City stock yards on the night of April 10th are members of a gang of horse thieves which is believed to have men in different parts of this state and Wyoming.

Several horse thieves have been arrested in different cities of both states during the last three months, and many thefts are constantly being reported to the police. The thieves who made their escape with the animals from the Denver stock yards are believed to be experts.

The theft occurred about midnight. One of the gates was lifted off its hinges. The horses did not have a strap on them and it is believed by George L. Goulding & Co., owners of the animals, that the thieves had saddles and bridle with them.

Police throughout the West have been notified of the theft and are making every effort to locate the offenders, although they have no clue as to their identity. The horses are hard to identify, as they have no brands and are very ordinary looking. One is a bay and the other a brown. Their weight is about 1,300 pounds. The bay horse has been injured by barbed wire and the brown horse has a peculiar white mark on its forehead.

Paid Him for Getting Married.

Westfield, Mass.—Byron Moore of the Little River road flashed to-day a roll of crisp bank notes, \$100 in all, the first installment of a five-year annuity he is to receive as a wedding present from the town of Granville for marrying Mrs. Mary A. Hubbard Randall, a widow fifty-five years old. Granville recently freed itself of debt and it occurred to the selectmen that it was an opportune time to unload the eleemosynary poor of Granville. Mrs. Randall, without the faintest suspicion that she was being made a prize package in a remarkable marriage lottery, graciously received the attentions of three suitors. Moore won, claiming the bride and the prize money simultaneously.

Ore Runs \$50 a Pound.

Ourray, Colo.—An enormously rich gold strike is reported to have been made at Chipita tunnel, in the gold belt of the district adjoining the city limits. The ore was encountered in an upraise from the tunnel level to explore a quartzite formation above.

A MISSOURI WOMAN

Tells a Story of Awful Suffering and Wonderful Relief.

Mrs. J. D. Johnson, of 603 West Hickman St., Columbia, Mo., says:

"Following an operation two years ago, dropsy set in, and my left side was so swollen the doctor said he would have to tap out the water. There was constant pain and a gurgling sensation around my heart, and I could not raise my arm above my head. The kidney action was disordered and passages of the secretions too frequent. On the advice of my husband I began using Doan's Kidney Pills. Since using two boxes my trouble has not reappeared. This is wonderful, after suffering two years."

Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

Out of His Line.

A man living in the country far from any physician was taken suddenly ill. His family, in great alarm, not knowing what to do, sent for a neighbor, who had a reputation for doctoring cows.

"Can't you give father something to help him?" asked one of the sons.

"Waal, I don't know nothin' about doctorin' people."

"You know more than we do, for you can doctor cows. Now what do you give them when they are sick?"

"Waal, I allers give Epsom salts. You might try it on him."

"How much shall we give him?" inquired the son.

"Waal, I give cows just a pound. Your father is a quarter as big as a cow—give him a quarter of a pound."

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O. Sold by Druggists. Take Hall's Family Pills for constipation.

An Animal-Lover's Ambition.

To be a genuine lover of animals, and to be able to effect an improvement in the breed of those which appeal most to one's fancy, is to add a fresh and lasting source of enjoyment to life.—Country Life.

Protective Paint

Pure White Lead Paint protects property against repairs, replacement and deterioration. It makes buildings look better, wear better—and sell better. Use only Pure Linseed Oil and Pure White Lead made by the Old Dutch Process, which is sold in kegs with this Dutch Boy trade mark on the side.

This trade mark protects you against fraudulent White Lead adulterations and substitutes.

SEND FOR BOOK

"A Talk on Paint," gives valuable information on the paint subject. Sent free upon request.

Astonished the Professors.

At a recent examination a British candidate in the London College of Music defined a musical interval as "a short pause for refreshments."

WEIGHT AND HEALTH

THIN, NERVOUS PEOPLE NEED THE TONIC TREATMENT.

This Woman Took Dr. Williams' Pink Pills, Gained Thirty Pounds and Has Been Well Ever Since.

How many women—and men too—are suffering from a general decline in health which the ordinary remedies seem unable to check! How many husbands see their wives wasting away, steadily losing health and beauty, and are powerless to help! Consumption and other germ diseases find in these debilitated systems easy prey, for the lowered vitality is unequal to the task of fighting off the infection of these diseases to which most of us are almost daily exposed.

The symptoms indicating the decline which may have results so fatal could scarcely be better described than in the statement of Mrs. William Manley, of 92 Court street, Utica, N. Y. Her case is a typical one. She says:

"For six months after the birth of my baby, I suffered from sick, dizzy headaches, which seemed like a rush of blood to my forehead, just back of my eyes. Some days they twitted so I could hardly see and black spots floated before them. The least exertion brought on this sickness. My appetite was poor and I was often sick to my stomach."

"If I tried to work my feet soon became swollen, paining me terribly. I had sinking spells and grew pale and nervous. I was so thin that I weighed only 95 pounds."

"One day when at the drug store to get headache powders I decided to try Dr. Williams' Pink Pills instead. I soon noticed that my headache was disappearing and my nerves gradually grew stronger. The pills gave me a hearty appetite and I now weigh over 130 pounds. I believe the pills to be the best tonic and builder a woman can take, as they certainly helped me when my condition was critical and I have never been seriously ill since."

The great value of Dr. Williams' Pink Pills lies in the fact that they actually make new blood and this carries health and strength to every portion of the body. The stomach is toned up, the nerves are strengthened, every organ is stimulated to do its work.

If you are ill and the treatment you are taking does not cure you, write for proof of what Dr. Williams' Pink Pills have done in similar cases.

Your druggist sells them or they will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

BATH OF BEAUTY
